

Your Plus Fitness Recharge Card allows you as the employer to offer a Corporate Gym Membership to all of your staff without having to buy a membership for each of them. We often hear employers saying that they want to provide Gym Memberships to their staff however are concerned at wasting money if they are not used. We have listened and as a result have introduced the Plus Fitness Recharge Card to address this.

Its simple! You will only pay for what you and your employees use! It is the ultimate solution for your Corporate Gym Membership! You get healthy, happier more productive staff and your staff get a great employee benefit at minimal cost to you. The process is as simple as the concept; You provide us with your payment details and the recharge amount you would like, we provide you with a usage report at the end of each month. When your recharge card balance gets down to 10 visits we simply 'Recharge' your card! Tell us how many Recharge Cards you would like and we will send these direct to you on receipt of your initial payment and the completed form below.

Company Name: \_\_\_\_\_ Company Representative: \_\_\_\_\_ ABN: \_\_\_\_\_
