Plus Fitness Keen for Gold Coast 600!

With Bathurst now well and truly in our review mirrors and after an impressive P17 finish we now look over our dashboard with excitement and anticipation to the oncoming Gold Coast 600!

This race has always been a big draw card on the Supercars calendar due to its tough street circuit attitude and not to mention the fact that its an enduro event in a pristine location, therefore it makes for an exciting weekend for the 200,000 trackside spectators and the 2 million people watching from their loungerooms.

Plus Fitness and Aaren Russell are no strangers to the concrete jungle street circuit with Russell taking out the Ute Series back in 2015 having never previously driven in the ute category or on the Gold Coast track for that matter so to come away with the win was a massive effort.

The Plus Fitness team will be up on the Gold Coast to cheer on Aaren Russell and Taz Douglas as well as running numerous activations and giving away awesome merchandise across the weekend. Our 'King of the Mountain' Bathurst competition is still running and leads are coming through strong so this will also be promoted across the weekend as well as across our social media channels!

We wish Aaren and Taz all the best in this weekend's race and from all reports thus far everything is on track for a great race. We are racing a car that works well in the wet and with a grim weather forecast this is only going to increase our chances of gaining positions as we move up the field.

Click the button below for more info on this weekend's race!

Gold Coast 600:

20 -22nd October

Kind regards,

The Plus Fitness Marketing Team.
